

# Voodoo Golf Doll

Voodoo is a mystical practice brought to the Caribbean countries in the 16th century. It is still widely performed in the region.

The Voodoo golf doll is used to represent your spirit. You can address the doll as if you are talking to your golf pals, requesting a change in attitude and manner, influencing them to act in accordance with your wishes.

Stab the doll with a sword when you see an ill-mannered golfer and turn his golf to hockey.

Sword is included.

You left finger marks on my line. Stab!
